SCHOLASTIC PROGRAMME

National Public School, KR Puram is affiliated with the **Central Board of Secondary Education (CBSE)** and follows the CBSE curriculum from **Grade I-X**.

At NPS KR Puram, we focus on teaching students **how to learn**, not just what to learn. We encourage **independent thinking** and curiosity through **interactive and modern teaching methods**.

From the Primary years, students are taught to work together and explore real-world topics. In Middle School, we introduce **interdisciplinary programs** that connect subjects in meaningful ways. Activities like **field trips and exchange programs** help students grow in all areas—academically, socially, and emotionally.

Foundational 1 (Nursery to UKG)

Blending Montessori and Kindergarten methods, this program builds early skills in language, numeracy, creativity, fitness, and social development in a nurturing environment.

Foundational 2 (Grades I-II)

Focuses on strengthening literacy and numeracy through an integrated, engaging curriculum that fosters curiosity, creativity, and social growth.

Preparatory (Grades III-V)

Nurtures critical thinking, collaboration, and independence through a well-balanced curriculum designed to prepare students for future academic pursuits and challenges.

Middle School (Grades VI-VIII)

Develops analytical thinking, problem-solving skills, and subject mastery, equipping students for the rigours of higher secondary education through an engaging and collaborative learning experience.

Secondary School (Grades IX-X)

Our Secondary Programme goes beyond textbooks. Through competency-based and experiential learning, students learn to apply concepts to real-world situations, analyse challenges, and create meaningful solutions. We help them discover their strengths, follow their interests, and sharpen their skills — preparing them with confidence for the next stage of their academic journey.

“*Education is the foundation of all we do in life.
It shapes who we are and what we aspire to be.*”
